

Skin conditions

- Skin disorders represent about 15 percent of GP consultations.
- The incidence of skin cancer is increasing.
- 20 percent of all children have eczema.
- There are one million people in the UK who have psoriasis.

Local Dermatology Services

Dermatology in the Community

The Tier Two Dermatology Service supports patients with eczema and psoriasis. Clinics are run at:

- **Boston House**, Frog Lane, Wigan,
- **Claire House**, Pheonix Way, Lower Ince, Wigan
- **Leigh Walk in Centre**, The Avenue, Leigh

Dermatology in the Hospital

The Prosser White Dermatology Centre at **Leigh Infirmary** supports patients with any skin condition, providing more specialist treatments and surgery.

Take a look at your local Dermatology websites for help and resources on how best to manage your skin condition (or someone else's if you are caring for them) and further information on how to get a referral if required.
